Office Action Summary

### DETAILED ACTION

The specification is objected to because it fails to identify the serial number of the U.S. provisional application as referred to on page 12, line 28. Correction is required.

Claims 1-58 are objected to because of the following informalities:

1. The term "the food" recited in claim 1, lines 9 and 13 and claim 2, line 5, should be changed to read -- the food item -- in order to be consistent with "food item" recited in claim 1, line 3, claim 3, line 2, and claim 4, line 5.

2. In claim 11, line 1, the article "a" should be changed to -- the -- (see the recitation of "a plurality of vertically stacked tiers" in claim 2, lines 1-2, from which claim 11 indirectly depends).

3. In claim 29, line 1, the numeral "22" should be changed to -- 27 -- (note that no antecedent basis has been established in claim 27 for "the inner column of tiers recited in claim 29, line 1).

4. In claim 31, line 4, a comma should be inserted after "housing".

5. The term "a first side" recited in claim 31, line 10, and the term "a second side" recited in claim 31, line 12, should be changed to read -- a first side portion -- and -- a second side portion -- in order to provide antecedent basis for "the first side portion" and "the second side portion" recited in claim 34, lines 3-6.

6. In claim 34, line 2, the article "a" should be changed to -- the -- (see the recitation of "a plurality of stacked tiers" in claim 31, line 4, from which claim 34 depends).

7. In claim 42, line 4, the article "the", second occurrence, is superfluous and it should be deleted.

8. In claim 43, line 1, the words "wherein the", second occurrence, are superfluous and they should be deleted.

9. The term "the food" recited in claim 55, line 9, and the term "food" recited in claim 55, lines 22 and 44 should be changed to read -- the food item -- in order to be consistent with "the food item" throughout the claim.

10. In claim 55, line 19, the term "air" is superfluous and it should be deleted.

11. In claim 55, line 21, the phrase "the air distribution system" should be changed to read -- the gas distribution system -- (see line 11 of claim 55).

12. In claim 58, line 5, the article -- the -- should be inserted before "food".

13. In claim 58, line 6, the word "held" is superfluous and it should be deleted.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 58 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Stewart et al or Troetscher. Stewart et al or Troetscher shows all the structural elements set forth in apparatus claim 58.

Art Unit: 1761

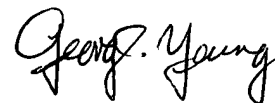

Claims 1-57 are free of the prior art. Claim 1-57 would be allowable if amended to overcome the objections set forth in this Office action.
